Options

Laser Tube 150w: \$1,680.00 each

Laser Lens: \$78.00 each

Specification

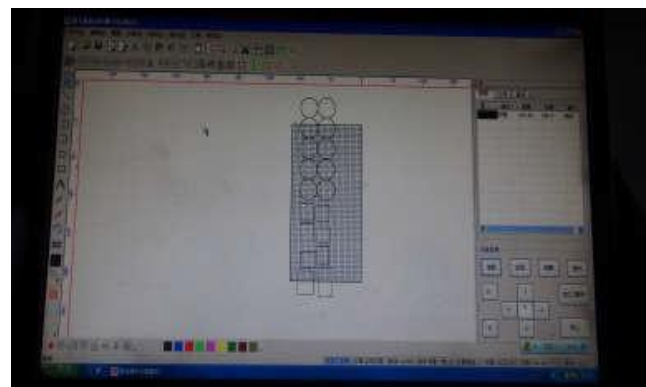

- Low cost, can completely replace the cutting and seal edge workers, the whole process,
- only one person operation
- Automatic feeding, automatic cutting, automatic sealing
- Cutting accuracy of 0.2mm, fabric utilization rate of 98% or more
- Single-layer cutting, customized shaped, only click the keyboard is ok, Perfect after-sales
- service system, can provide overseas international service
- Working Area 70" (X axis) × 118" (Y axis)
- Laser Power 150w (RECI brand tube)
- Laser type CO2 Sealed laser tube with water cooling
- Engraving Speed 0-6000cm/min
- Cutting Speed 0-5000cm/min
- Rack transmission accuracy is higher, fast speed
- Power Supply 220V/60HZ, 110V/60HZ
- Support Format BMP, PLT, DST, DXF, AI
- Software supported CorelDraw, PhotoShop, AutoCAD, TAJIMA
- Driving system Servo Motor
- Machine Net Weight 1300kgs

Future

Professional controlling system has the function of optimizing cutting path automatically, it can arrange your different cutting designs, consecutively cut all curves fast. Support AUTOCAD, CORELDRAW, TAJIMA, PHO

TOSHOPS, etc, are easy to cooperate with. format graphic supported: BMP, AI, PLT, DST, DXF, etc, combined with all CAD types designs and output in time.

The machine can work without connecting to a computer and can cut fabric with a larger length than 1.0m

Laser tube RECI W6 150W
Lifespan: 5000 hours, Warranty: 12 months

Laser head with red pointer

Water chiller CW5200 refrigeration type
industrial water chiller of 2700W cooling
capacity (for cooling and protecting
laser tube), has water temperature controlling.

Constant temperature water
cooling system, and warning system, ensure
laser to work consecutively and safety,
prolong lifetime of laser tube.

Servo motor with driver, ensure the cutting speed can
up to 500mm/s

Auto feed nest worktable, feeding the materials
automatically, with roller with Automatic
correction function

Pneumatic press cloth device to ensure that feeding accuracy, error control within 0.2mm

Assistant Rollers feeding system included

Assistant feeding system with automatic skew detection

(Training and installation, tooling & rigging are optional)

(Customer is responsible for local regulations and connecting utilities)

The price is F.O.B. Los Angeles CA USA. Tooling, rigging, freight & sales taxes are not included.

Full Payment with order or 50% deposit with confirm order, 50% before shipping.

If there are any questions please feel free to call us at 1-(626) 968-6330 or e-mail to us at
